

CAPITAL CAMPAIGN

Make this expansion part of your legacy:

**Talk to us about naming rights
to our new home!**

HRET is in the process of raising \$850K for a private, ADA compliant and climate controlled facility that will allow us to teach year-round, offer a greater number of classes per week, and expand our programming. In 2018, we taught over 670 mounted classes and had over 6,000 volunteer hours! We need your help to provide more classes and to launch our veteran program. Your financial support of our capital campaign will personally touch many lives as most equine assisted activities & therapy (EAAT) programs have multiple year waiting lists.

Pony through Clydesdale capital campaign sponsors will have contribution recognition in the building, website, and social media.

Clydesdale: \$250,000 or greater
